NOTICE OF ALLOWABILITY

Status of the Claims

This action is in response to papers filed 28 December 2004 in which claims 1 and 20 were amended and further in response to Examiner's amendments detailed below as discussed in the interview of 15 March 2005 between the examiner and Mr. Monaco. The amendments have been thoroughly reviewed and entered.

The previous rejections in the Office Action dated 30 August 2004 are withdrawn in view of the amendments and Applicant's comments on page 11 and 13 of the response. The amendments overcome the prior art and place the claims in condition for allowance.

Claims 1-4, 8-9, 11-15, 20-31 are in condition for allowance.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael Monaco on 15 March 2005.

Add the following first sentence to the specification:

"This is a 371 of PCT/FR00/00289, filed 02/08/2000."

In Claim 1, step d) after "sites", insert ---via lateral movement relative to the carrier ----.

In Claim 20, step d) after "over another of said plurality of sites", insert ---via lateral movement relative to the carrier ----.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The claims are drawn to a method of electrochemically fixing ligands on a plurality of sites of a conductive carrier. The inventive step in the method is the positioning and reposition of the electrode over the sites via lateral movement of the electrode or carrier relative to each other. While the prior art teaches electrochemical fixing, the prior art does not teach or suggest the inventive electrochemical fixing via lateral movement.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 1-4, 8-9, 11-15, 20-31 are allowed.
